Custom GlassBoards

Custom GlassBoards are a stylish, clean and contemporary alternative to conventional WhiteBoards. The panels can be custom manufactured to almost any size and are available in a wide range of background colours.

The colour of the glass can match, or contrast with your walls, or be clear to let the wall colour show through. Custom GlassBoards can be made in 18 standard colours (shown below) or we can match any Resene® colour too.

GlassBoards can have almost any image, logo or copy adhered to them enabling them to be used for team interaction, pure creativity or a communication tool. Custom GlassBoards are an innovative way to make that dull space an exciting feature point in your home or office, whilst withstanding many years of frequent use.

Features

- You choose the size and the colour
- 5mm toughened safety glass
- Supplied with chrome fixings (stand off fixings available)
- Flat polished edges

Notes

Custom GlassBoards are not magnetic.
